Hopefully, you will allow me to revise these and integrate the "spirit" of them into what I sent. They are not well written survey questions (no offense to Mr. Shular).

Hope your trip is yielding good results!

Oh, and yes, the gang discussion is useful for the GVI objective and the juvenile assessment center objective.

Thanks,
AM

Good morning,

I would like to see a draft of the survey before it is finalized, please.

Also, when is it scheduled to be conducted and what is the method of survey?

Thanks!

Subject: Survey

You will recall that an OSC Goal A Outcome involves measuring the community's satisfaction with law enforcement.

The county has agreed to conduct a front end (baseline) survey. I need from you by this Wednesday any proposed questions you have for the survey. I will then draft a survey with your thoughts in mind and run it by the police director and sheriff for their input.

This will need to be a fairly short survey - about five questions regarding satisfaction with law enforcement followed by some demographic questions.
